

SAP Training @ MCAD (Safety Assessment Program)

Post Disaster Safety-Assessment Program training provides architects, engineers, building officials and inspectors with the knowledge to provide evaluation of facilities, buildings, and infrastructure in the aftermath of a disastrous event.

6 AIA HSW CREDITS will be earned.

INSTRUCTOR
Michael Lingerfelt, FAIA
Former Chair AIA National
Disaster Assistance Committee

Become a registered Safety Assessment Evaluator and be prepared to help local governments perform accurate facility-safety assessments in the aftermath of a disaster!

Certification Process

The AIA Disaster Assistance Program is based upon California's Office of Emergency Services (OES) Safety Assessment Program (SAP).

After successfully completing AIA's SAP training, eligible individuals will earn a California-issued OES certificate and SAP ID card.

This full day, training session will refer to the SAP Evaluator Handbook as well as Ap-
